Breeze Calendar Fix

Have you been unable to see the worship services in your Breeze calendar recently? You're not alone — Breeze turned off the visibility of the Worship calendar for many people in their most recent update. Luckily, there's an easy fix!

1. Open the Breeze app or website and log in.

- If you need help with this step, please take a look at our [Breeze Guide](#).

2. Click "Events."

- If you're on a phone, this is on the bottom right of your screen.
- If you're on a computer, this is on the top blue bar.

3. Find the list of Calendars.

- If you're on a phone, scroll to the bottom of the page.
- If you're on a computer, look to the left of the page.

4. Ensure the blue "Worship" calendar is checked.

- There should be a white check mark in the middle of the blue circle.
- If the white check mark is missing, click the word "Worship."

Ta-da! Now all of the worship services should show up in your Breeze Events calendar. If you have any more issues with Breeze, please feel free to call or email the office at any time!
